Spraying Fruit Trees

"Spray your peach trees now" is the admonition and advice of Professor M. B. Waite, pathologist in charge of investigations of tree-fruit diseases, United States Department of Agriculture, upon his arrival in the Sacramento valley from Washington to resume the battle against fruit pests.

By a series of experiments, exhaustive and full, it has been clearly demonstrated by Government experts. Professor Waite says in the Union, that the best time for spraying peach trees is in early November. A much greater crop is thus produced than by later spraying. A 5-5-50 Bordeaux mixture should be used.

Regarding this, Professor Waite says: "The 5-5-50 mixture is as effectual as the double mixture of the 10-10. If the grower should happen to run short of copper sulphate in spraying he can use the ordinary California wash of lime-sulphur, used so extensively for the San Jose scale.

"I cannot impress too strongly on the grower the necessity of spraying now. The value of early spraying cannot be overestimated, as our experiments on the Pierce ranch near Suisun last year clearly demonstrated the efficacy of it. There is some foliage yet, but the grower cannot afford to take chances. The pruning should be hurried. It should be done by the middle of November.

"The great unsolved question in regard to the peach blight is the same as in the pear blight. What is the time of infection? Is it about the same date each year, or does infection come after the early rains? We are now working on this problem and can only solve it by following each season, noting the time of the rains and the infection. This gummy fungus, peach blight, depreciates a season's fruit crop approximately $10,000,000, and that fact alone should impress the grower and other interested persons with the importance of following the advice of the experts who are doing all in their power to relieve California and the other fruit states of the Union of this dread fruit disease."

Cured Brights Disease

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room I had given up hope of living, when a friend recommended Foley's kidney cure. One 50 cent bottle worked wonders and before I had taken the third bottle, the dropsy had gone, as well as all other symptoms of Bright's disease. L. S. Simmons.

Petaluma Boy Killed

A. M. Benjamin, Jr., a Petaluma boy, was killed at Sacramento Sunday by being run down by a train on the Southern Pacific. The young man was a lineman in the employ of the Postal Telegraph company and was riding a handcar at the time of the accident. The train which ran down and killed the youth was not seen in time to get out of the way and the engineer was unable to stop his train when he saw the handcar with its human occupants. Deceased was only twenty years of age and an exemplary young man.

Dancing Proves Fatal

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. L. S. Simmons.

Donation Appreciated

The Sonoma Valley Woman's Club takes this means of sincerely thanking those gentlemen of the valley who generously contributed the sum necessary for the purchase of 60 volumes of good books for the Free Public Library. The books were choice and much needed as is evidenced by the demand for them by the patrons,

Stop Extension Work

All construction work on the proposed extension of the Northwestern Pacific Railroad from Willits to Eureka has been stopped and may not be resumed again until after the next presidential election.

A. H. Payson, president of the Northwestern Pacific Railroad, has received telegraphic instructions from the eastern offices of the Santa Fe and Harriman roads, which own the line in conjunction, to discontinue all construction work. The work now under way is a six-mile section on Eel river leading to the tunnel site. The force of loggers and axmen clearing the right of way on the Pacific Lumber Co. land will be laid off at once.

Exciting Runaway

While standing on the road through Castagnasso's vegetable gardens Monday morning, L. Maffei's fine team became frightened at a passing hand car, and ran away, passing out of the garden and down Spain St. One horse fell when rounding the corner at First St. east, thus stopping the team.

The large gray horse was injured by running a piece of the tongue of the wagon into its foot. Jos. F. Ryan extracted the splinter (?) which was as large as a man's thumb. The injured animal will probably recover. The wagon was considerably damaged.

The New Pure Food and Drug Law

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs and we recommend it as a safe remedy for children and [illegible] S. Simmons.

Freeb[illegible]

Last Sunday [illegible] Episcopal Church in Santa Rosa, Miss Louise Celia Crepin and Mr. F. Maurice Freeborn were united in the holy bonds of matrimony.

The charming bride is the daughter of Dr. Crepin of Glen Ellen and a very popular and accomplished young lady. The fortunate groom is a prominent mining man of Mexico, where the happy couple will make their home after a brief honeymoon.

Their many friends join in best wishes for a blissful wedded life.

The Wind Bloweth

This valley endured quite a severe wind storm on Monday last. The breeze was from the north and stirred things up considerably. Swinging doors and signs were decidedly restless and some slight damage was done to them and to old fences that needed new posts. The street sprinkler did good service in laying the dust about the town.

CARD OF THANKS

We hereby desire to express our deep-felt gratitude to the many kind friends and neighbors who gave us the sympathy and assistance during the serious illness and upon the death of our beloved wife and mother. Their generous kindness will never be forgotten.

J. J. NOE AND FAMILY

New Building Firm

Messrs W. H. Bridges and J. A. Tone, master mechanics of El Verano, have formed a co-partnership in the building and jobbing business. Both gentlemen have had several years experience in the construction of stores and residences and in stove fitting. They solict a share of the trade and guarantee to do first class work. Read their new ad elsewhere in this paper.

The postmaster of Gasconade, Mo., Daniel A. Bugh, says of DeWitt's Kidney and bladder pills, "I am doing so well, and improving so fast in health that I cannot say too much for your kidney and bladder pills. I feel like a new man." DeWitt's kidney and bladder pills are sold by L. S. Simmons.

ANOTHER FIXED STAR

President Theodore Roosevelt fixed it last Saturday morning at 10:15 o'clock In other words another new state has been adopted into the American Union. Oklahoma and Indian Territories united and are now one fixed star.

The proclamation making this an accomplished fact, was signed by the President with a pen made from a quill taken from the wing of an American eagle.

The Oklahoma State Historical Society has the pen which has been placed in the museum at Guthrie, the capital of the new State, Oklahoma.

There is nothing better for stomach troubles than Kodol which contain the same juices found in a healthy stomach. KODOL is offered on a guaranteed plan for the relief of heart burn, flatulence, sour stomach, belching of gas, nausea, and all stomach troubles. So at times when you don't feel just right when you are drowsy after meals, and your head aches or when you have no ambition and you are cross and irritable, take a little KODOL. It digests what you eat. It will make you healthy. Sold by L. S. Simmons.

Poultry Show

Great interest is being taken in the Poultry Show to be held in Petaluma next month. It promises to eclipse all former efforts in hat line and to be of material benefit to the business in this part of the state.

SIMPLE HOME RECIPE

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked states that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

NOTICE

DISTRICTS FOR BANKS

The bankers of Sonoma county held a meeting here Monday evening and discussed routine matters of their business. Bankers were here from all the sections of the county.

For the purpose of facilitating the business, the county was divided into three districts and the banks which compose these districts are as follows:

Northern District: Healdsburg, Cloverdale and Geyserville banks.

Southern District: Petaluma, Valley Ford and Tomales banks.

Central District: Santa Rosa, Sebastopol, Guerneville, Forestville and Sonoma banks.—Democrat

Anthony Roasts Boss

Senator Marc Anthony rose to a question of special privilege in the senate, Tuesday, and excoriated Boss Martin Kelly, of San Francisco, who was in the lobby. The Senator was intensely angry at Kelly for attempting to involve him (Anthony) in a shady transaction, it is said. The roast of the boss was in the following words:

"There is a person here whose presence, oozing with corruption and rottenness, is an insult to this body. He has dragged down to shame legislators of this state. He is as treacherous as he is vile. He is an unconvicted felon and should be driven out of these halls. I ask that the sergeant at arms be instructed to exclude him from all sessions of this body I attend. He is here for no good purpose and should be shown no consideration. I refer to the king of the stew bums, Martin Kelly.

Bryan vs. Roosevelt

William Jennings Bryan is willing to run for president again next time on the Democratic ticket provided a braver or better man cannot be found who will tackle the job. It is also very probable that Theodore Roosevelt will be nominated by the next Republican National Convention by acclamation.

It seems to be no doubt that he could have the nomination for a so-called third term by merely saying that he would accept. We think the demand will be so great that he will accept. The signs are pointing that way.

Valuable Publication

County Tax Collector F. M. Collins has prepared a complete statement of all the property valuations in Sonoma county, together with the names of the owners, etc., and has issued the same in book form for the convenience of the public, as most of the other counties are now doing. The publication is one that will prove of much value and it will be fully appreciated by all who have use for the information it contains.

Married at San Rafael

Many friends will be interested to learn of the marriage of Miss Jennie Pierce, daughter of former Coroner and Public Administrator, Dr. J. G. Pierce, of Sebastopol. The happy event occurred last Saturday in San Rafael when Miss Pierce was married to Charles Melvel Heuston of Glen Ellen. It was a quiet wedding.

Mr. and Mrs. Heuston will reside in Glen Ellen where the groom has a pretty home. The heartiest congratulations will be bestowed by many friends all of whom hope that Mr. and Mrs. Heuston will always have a full measure of happiness and prosperity [illegible] life together.

Australian Journal

A. Max brought to this office this week a copy of "The Bulletin" a weekly paper published in Sydney, New South Wales. It is a 40 page journal and is full of interesting news and comments. A perusal of its columns shows that that part of the world has its labor and other troubles similar to our own. Except for the frequent mention of pounds, shillings and pence, the ads read like those to be found in any American journal.

THANKSGIVING

There will be a Thanksgiving sermon held in the M. E. Church, Sonoma, on Thanksgiving Day morning at 10:30 o'clock. A sermon will be preached by the pastor and special singing will be rendered. A collection will be taken up on behalf of Home Missionary work A hearty invitation is given to the public to attend this service in recognition of the divine goodness during the year.

Successful Supper

The Ladies of the Congregational Church are very much pleased over the success of the supper and bazaar given in the Dal Poggetto building last Friday evening. The supper was good and well patronized as were also the different booths. About $100 was realized

TURKEY RAFFLE

You have an opportunity of getting your Thanksgiving turkey for a trifle at the grand turkey raffle in the Dal Poggetto building, Napa St., tomorrow evening, (Saturday) Nov. 23. Eighteen fine fat turkeys and several big chickens will be raffled off at that time. You're invited to go and see the fun and win turkeys for Thanksgiving, Christmas and New Years if you're lucky.

Offices Moved

Dr. Van Amringe removed his dental office Wednesday to his new building on Broadway. Sonoma has now one of the best equipped dental offices in this part of the state. The building was constructed especially for a modern dental office and adds considerable to the growing business interests of our city.

"California"

Don't fail to attend the illustrated lecture on "California" at the Club Parlors, Schocken building on Thanksgiving Eve, (next Wednesday evening.) The lecturer, Mrs. Greenleaf, comes highly recommended. Attend and you'll hear and see something fine and assist the Sonoma Valley Woman's Club in the great work they are doing.

El Verano Turkeys

There's a chance for fun and turkeys for you at the El Verano Villa next Sunday Nov. 24. Grand turkey raffle. Everybody welcome to win all you can. Better come and try your luck. Mrs. A. Nevraumont & Co.

Man Under the Bed!

A well known family residing in the southeastern part of El Verano, were considerably alarmed last Saturday evening, that is, part of the family were.

One of the brothers had spent the day in Petaluma and returned home rather late in the evening. The other brother had already retired. Before turning in for the night, the first named "Chanced" to look under the bed. Lo and behold! there was a man! Without waiting to inquire the intruders name or business, he flew out of the room and closed the door with speed and a bang. He wasn't going to take any chances. The awakened son also mosied out of the room at a Sonoma Girl clip and procuring a broken rifle perched upon the roof of the house in the cool air and bright moonlight awaiting the outcoming of the burglar. The first brother, tired as he was from his trip over the hills, managed to scour the neighborhood in search of a gun. He found one and returned to the house. With one brother standing guard, the other crept beneath the bed, gun in hand, to drag out that cheeky specimen of genus homo. The man was pulled out and then laid out. The neighbors assembled next day but no one could identify the body.

The coroner was not notified as after a hurried examination the man's legs were found to be of wood and the remainder of the body and the head to be composed mostly of second hand dry goods and wearing apparel. The brothers are still trying to get their hair to lay down in its accustomed way and to figure out how many years growth were lost by the startling incident.

Unlucky Quail Hunt

Deputy Fish Commissioner, A. F. Lea, swore to a complaint before Justice Atchinson Monday in Santa Rosa charging J. R. Maddux with a misdemeanor in having loaned his hunting license to Dr. J. H. Seager of Sebastopol. The penalty will not only be a fine, but Mr. Maddux will lose his license for the remainder of the year for his kindness to his friend, who, not being a citizen, would have had to pay $25 for a license. The affair has occasioned no little amusement in their town, for both gentlemen and they have to put up with a lot of good natured joshing in consequence.

Caught Big Eagle

A fine specimen of the American eagle was captured a few days ago by George Jacobs on his mountain ranch near Geyserville. The wings of the big bird measured seven feet from tip to tip.

The eagle was caught by its claws in a steel trap Mr. Jacobs had set for coyotes. At first the eagle showed fight, but was finally put in a quickly constructed cage. The bird will pass into the hands of a taxidermist and will be mounted.

Are Killing Coyotes

In different sections of the county coyotes are making an appearance again and farmers are trapping or otherwise slaying them. Last week a package of coyote scalps was sent to the office of County Clerk Fred Wright from the Cloverdale section.

Beware of Ointments for Catarrh that Contains Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Some Truth Here

"We are professional men in every sense of the word. We have the mental labor of lawyers, the moral standing of ministers, the technical knowledge of organized artisans, and the business qualifications of school children. The average man will give a lawyer from $300 to $500, together with a lifetime's praise, to keep him out of the penitentiary from two to ten years, and at the same time he will raise a phosphorescent glow and a kick that can be heard around the world if a doctor charges him $50 or $100 to keep him out of hell for a lifetime."—Texas State Journal.

Tax Payment Postponed

The date of the payment of state and county taxes has been postponed until Jan. 26, 1908 by an act of the legislature now in special session at Sacramento.

But the contention has arisen that such a postponement of the date of tax payment is not legal. At the present time it is not possible to state definitely how the matter stands. It is perhaps the safer plan however, to pay your taxes before they become delinquent.

The Companion as a Christmas Gift

Nobody is too young, nobody too old, to enjoy reading THE YOUTH'S COMPANION. For that reason it makes one of the most appropriate of Christmas gifts—one of the few whose actual worth for outweighs the cost. Welcome as the paper may be to the casual reader on the train, at the office, in the public library, it is, after all, the paper of the home. The regularity and frequency of its visits, the cordial sincerity of its tone, make for it soon the place of a familiar friend in the house. Like a good friend, too, it stands always for those traits and qualities which are typified in the ideal home, and are the sources of a nation's health and true prosperity. Is there another Christmas present costing so little that equals it?

On receipt of $1.75, the yearly subscription price, the publishers send to the new subscriber all the remaining issues of THE COMPANION for 1907 and the Four-Leaf Hanging Calendar for 1908 in full color.

Full illustrated. Announcement of the new volume for 1908 will be sent with sample copies of the paper to any address free.

The Vital Point

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

WILSON DOWN DRAFT HEATER

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

Consider this fuel economy in buying.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It tones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot, Mandrake root, and chemically pure glycerine.

Remember, these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and although much imitated, have never been equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

Pierce's Pleasant Pellets

How to get Winter Eggs

Those who want winter eggsand have not already commenced to feed with that end in view will have to hustle.

In the first place, if your yearling hens have not moulted, shut them up in a small, clean pen, about 100x15 feet for fifty hens, and feed them about one quart of oats once a day, with plenty of fresh water and sharp grit for ten days or two weeks. By that time they will be poor and thin. Then let them out and feed them a good strong ration composed of 32 parts corn meal, 30 parts meat meal, 30 parts ground clover of alfalfa, this to be constantly on hand in a feed hopper; then in addition feed in deep litter 200 lb. cracked corn. 360 lb. wheat, and 130 lb. oats.

Early in the morning the grain is fed at the rate of a quart to 25 fowls; about eleven the same amount may be fed again to induce exercise. The hopper is always kept filled and a smaller one is kept supplied with grit, charcoal and oyster shells. Keep the houses clean and the floor deep with litter and the birds will soon be singing about with red combs.

For those who do not like the dry feed method an excellent mash can be made in the following way: In the morning chop a barn pail full of clover, cut in quarter-inch length, and over this pour boiling water until the clover is covered; then cover with an old bag and allow it to steam until time to feed for supper. Now mix 100 lb. of bran, 100 lb. corn meal, 100 lb. wheat middlings, 100 lb. linseed meal and 100 lb. meat meal. Of course this may be mixed in smaller quantities, but in the same proportion. About three o'clock put into tin buckets about four quarts each of the meal mixture, then stir in enough clover to make a nice crumbly mash in each bucket. This will be about enough for a hundred hens, but do not feed more than they will clean up in 10 minutes. Some prefer to feed the mash at noon; that is a question that each poultry man can settle best for himself. The question of the number of times a day fowls should be fed can only be settled by experimenting. With the dry feed method the fowls are given a little grain, as I have said, early in the morning and about eleven. Green food is supplied in the shape of mangels or clover. A good many successful men feed three times, while others, who are quite as successful, feed only twice.—Country gentleman.

Poultry on Fruit Farms

California orchardists are awakening to the importance of combined fruit and poultry culture. In addition to the valuable service rendered in ridding the orchard of insects the fowls are a never-failing source of revenue. Poultry distributed throughout an orchard on the colony plan thrive well and yield a large income in proportion to the expense. The busy hen offers a product which always commands "ready cash."

This is Worth Remembering

Water

There are several styles of water founts, and the most objectionable are those which are so constructed that it is not possible to see the inside, and as a result they are often allowed to become filthy.

Good management is the secret of success, and bad management is the cause of the so-called "bad luck."

There is no such thing as "good luck" and "bad luck" with poultry; it is all in the management.

The yolk of an egg spoils much quicker than the white.

DeWitt's Caledonia Witch Hazel salve penetrates the pores—thoroughly cleanses and is healing and soothing. Good for piles. Sold by L. S. Simmons.

The presence of the tapeworm in turkeys may be suspected by a droopy condition of the affected birds; small portions of the worm will also be found by careful examination of the voidings. An authority says powdered male fern is an effective remedy for tapeworm.

When the baby is cross and has you worried and worn out you will find that a little CASCASWEET, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by L. S. Simmons.

The introduction of the trap nest in the hen house will at once point out the fact that every flock has one or more drone hens in it—"robber hens." Weed them out. They are not only unprofitable in themselves, but they consume the feed and take up the room the good hens should have.

You can't be well if you have a weak, unhealthy, tired stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like KODOL for dyspepsia. KODOL is the best remedy known today for heart burn, belching and all troubles arising from a disordered digestion. It is easy pleasant to take and affords relief promptly. Sold by L. S. Simmons.

Exercise good common sense in the management of poultry, bearing in mind that it is usually some little detail, something rightly attended to at the proper time for carelessly left undone, that turns the scales either to the side for profit or loss. Wise Talks by the Office Boy

I see by the papers that your Uncle Mark, (Mr. Twain, I mean), is not the only person in history who is cut out for exclusive styles or individuality in dress. There is Mr. Wm. T. Cody (Buffalo Bill), Mr. David Belasco, actor, Mr. Harry Lehr, a bad actor, Mr. John L. Sullivan, another bad actor (grand old man), Mr. Joaquin (pronounced Wahkeen) Miller, the poet of Sierras, Mr. Elbert Hubbard, the poet of Sun-Up, and a lot more public characters. I guess everybody likes to dress a little differently from other human beings not necessarily in a noisy costume, but boys take a tip from me if you really want exclusiveness in dress—the "different" togs—you come straight to this shop and state your wants. Just ask for the phonograf clerk and tell him you want some togs that will be heard in Gladville—not too loud, but just loud enough to be different from the kind that a parson wears at a funeral of a knocker.

Individuality may be had in clothing with out sacrificing good taste, and this is the store to have a consultation. Come in before Thanksgiving of course.
